Mayor Comments:

- Mayor talked about the issues at the City Park with the lack of water to get the park green again. City is asking for the cooperation of all residents to refrain from watering on Monday's and Friday's so the city can meet the water needs of our town. The council requested Stu Bryant to come up with a cost for a small submersible pump to water the park. Mayor, Stu and Mike Tornatore met with USDA RWD. The need to raise the rates were on the table.
- Budget was discussed around the table, and it was decided that there was a need to set up a Budget workshop to bring numbers together to be able to appropriately assess the numbers for all departments involved.
